### **Area of Expertise:**

1. Renal Stones

I have been a supra-regional urological specialist for both open and endoscopic renal (kidney) surgery for many years, with a particular interest in stone disease. I have an international reputation in this area.

2. Scrotogenital Day Surgery

I am an internationally recognised authority in urological day surgery with emphasis on minimally invasive methods. Most scroto-genital surgery can be performed as a day case (circumcision, vasectomy, vasectomy reversal, epididymal cysts, varicocoeles, and testicle removal).

3. Gynaecological Injury Urinary Tract

I have 25 years' experience dealing with the major surgical complications following gynaecological surgery (perforated bladder, fistulae, ureteric damage, bladder distention) I was lead clinician in this respect serving a very busy Obs and Gynae Unit.

4. Management of Neuro Urology – Cauda Equina

For 25 years I was responsible for the urological management of the complications associated with our Spinal Unit and Neurological Department at The Whittington NHS Trust. I have extensive experience in the diagnosis, treatment and evaluation of Cauda Equina Syndromes

5. Prostate Conditions

I am completely conversant with the operative management (TUR) of benign prostate disease.

6. Pain Syndromes

In the last 10 years I have become interested in Urological Pain Syndromes (painful bladder syndrome, urethral syndrome, prostatitis, pelvic pain of a urological origin, chronic testicular pain). I have developed a number of novel treatments for these difficult conditions with a good degree of success.

7. Malignant Disease Kidney and Bladder and Prostate

I am a member of the British Association of Urological Surgeons, Uro-oncology Section, and have been Chairman of North London Cancer Network Urology Committee, which was responsible for the governance and outcome of all tumour surgery in the region. I have extensive experience of both renal and bladder cancer surgery, and worked for a number of years at the Regional Cancer Centre at University College Hospital, as well as the Royal Free Hospital while at the same time being the lead clinician at The Whittington Hospital.

My clinical work is supported by a considerable body of research which has resulted in more than 147 publications 2 textbooks and 27 book chapters and more than 270 national and international presentations. I was also responsible for eight post-graduate degrees from my department, which were both sponsored and supervised from the Whittington Urology Department by myself.

I no longer work within the National Health Service, having resigned as Head of Department at The Whittington Hospital in 2012. I am currently endeavouring to provide a more personalized service in the private hospitals where I work. I participate in the Highgate Hospital Choose and Book Scheme for NHS patients. I continue my close academic links with university departments for teaching and research. I hold the position of Honorary Senior Lecturer (Institute of Urology) and regularly lecture at national meetings on clinical and medico-legal issues. I attend regular MDTs at the London Clinic.

I have completed regular appraisals since 2004 and continue to do so. I have been revalidated.

## **Medico-Legal**

I employed by Urology Chambers Limited. I am supported by a medico-legal coordinator and two secretaries.

I have specialist medico-legal knowledge in gynaecological injury to the urinary tract, bladder overdistention, stone disease, cauda equina and cancer cases. I am also able to report on general urology: torsion, vasectomy, prostate surgery and pelvic fractures. I am happy to consider the merits of a case based upon a short summary letter and provide full costings in advance of work being undertaken.

I have an extensive medico-legal practice with 30 years' experience at consultant level. I am an expert witness on the Law Society Register and The Expert Witness Directory. I do approximately 110-130 new cases a year. These are divided into 20% defendant, 70% claimant and 10% single joint expert. These cases are either negligence or major injury cases.

I have attended six courses on preparation of medical legal reports. I have also attended a course on court presentations, as well as meetings on medico-legal issues.

I have lectured on preparation of medico-legal reports and legal issues (RSM, Holyrood Urological Society and French Urological Update Course, BMA, MPS, BAUS, LCA, Patient Safety Association as well as invited hospital talks and Aspen Group).

I have participated in the Inner Temple Further Education Day for Barristers (Advocacy training for Barristers). I am medico-legal advisor to the London Clinic MDT. I have lectured to the Irish Bar Association

I have lectured on the Gough Square Clinical and Legal Update Seminar. I have received instructions from most of the leading law firms dealing with medical legal issues as well as the NHS litigation authority. I receive regular instructions from leading Irish Solicitors, the MDU and MPS and have attended GMC Hearings as an expert. I have advised ISCAS.

I am a member of the Medico-legal section of the RSM. I am validated on The Expert Witness Register and The Expert Witness Directory (Legal Hub) which is approved by The Law Society. I am a BAUS approved and trained medico-legal expert. I am a member of the Academy of Experts and The Federation of Forensic and Expert Witnesses. I have received national awards for medico-legal work in 2017, 2019, 2020 and 2021.

Most reports can be completed within 10-16 weeks of receipt of the documentation.

For fee structure please consult [www.ronaldmiller.com](http://www.ronaldmiller.com).

## **Summary of Research and Academic Activities**

- 147 Papers
- 250 Abstracts (not listed in CV)
- 2 Textbooks
- 2 Journal Supplements
- 27 Textbook Chapters
- More than 270 International and National Presentations using all aspects of presentation including formal lectures, posters, videos and teleconferencing. I have given three named lectures and have been awarded an MS Thesis.
